Boondoggles AFP-AZ does not have a means of objectively scoring the impact of local-government boondoggles, including corporate welfare handouts and tax abatements awarded to politically-connected developers, except insofar as those boondoggles increase current operations and capital budgets.

Absent for Key Votes If an official is absent for all key votes, such is noted in the "Category" column. Officials who are present for at least one key vote receive a score of zero for missed votes, and receive a total score.

Failure to Post Documents Schedules A & B of the state-required budget reports should be posted on a jurisdiction's website, as well as the minutes for the board/council meetings at which the final budget and final property tax levies are approved by roll call vote. The Category designates failure to post the documents by Aug. 31.
